Take me with you
Don't leave me lonely
I wasn't prepared
To live without you

Memories are but gifts for the living
So when you see God
Will you thank Him for me

My heart is breaking for you
I'm lost in the silence you left behind

But I will go to
All your favorite places
I'll never forget the time we had
I'll keep your picture with me
Someday I'll meet you in the sky
But until then I guess this is goodbye

I miss you my friend
Feels like you're with me
I see you each night
When I close my eyes

Though you're not here
I know you're still smiling
That smile just as bright
As 10 billion stars

How can you be gone so soon
All the wonderful things I planned for you

But I will go to
All your favorite places
I'll never forget the time we had
I'll keep your picture with me
Someday I'll meet you in the sky
But until then I guess this is goodbye

My heart is breaking for you
I'm lost in the silence you left behind

But I will go to
All your favorite places
I'll never forget the time we had
I'll keep your picture with me
Someday I'll meet you in the sky
But until then I guess this is goodbye
