Girl it's true  
I can't deny  
I've been around a couple of times  
So you're afraid  
This love in me  
Tomorrow we'll no longer be  
My heart beats stronger  
At the end of each day  
Can you feel the rhythm between the two of us  
I'd be a fool to turn away  
Baby all I'm trying to say is

Chorus:

You're so much more than just a girlfriend  
You're more than just a temporary love of mine  
You're so much more than just a girlfriend  
So I'll ask you forever be mine

'Cause when I'm making love to you  
I can tell it's not pretend  
Many things to me are you  
Not just another lady friend  
See every brother has a place in his heart  
Only one lady can find her way to it  
Only one girl  
To see your smile is all I need  
To know that you're my destiny

Chorus

So I'll stay for always 'til the end of time  
Much more than loves before  
Don't wanna let you go  
Right here is where I'll stay  
Don't you ever go away

Chorus out
