I know to have a heart that love couldn't find  
I used to come and go no matter what I left behind  
But now somehow I'm grown to see the world through  
brand new eyes  
A better world that you showed to me  
When you were gone  
Felt like the stars were pointless to shine  
And my days dragged on  
Without a cause or reason to find babe  
I'm on my own  
I'm just a lonely waste of time  
That should be spent with you faithfully

Chorus

So I never wanna live without you  
Never gonna live without you  
I never wanna live without you  
Never wanna live  
Cause you're the biggest part of my life  
All of my world is built around you

Never make it through without you  
All the love you bring to me

I was blind  
Such a fool but now I see  
Just hold my hand  
Wherever we are it's all me  
And now the second chance to start a life and family  
I thank the Lord and you for this gift to me

Chorus

Thank you for the love  
When you knew I was wrong  
Thank you for the chance  
To run back to your arms  
Where I belong  
I don't need to see  
What is there on the other side  
Cause you are my love

My life  
Until the day I die

Chorus
