#### CHORUS:

I just wanna do something real to you  
Like a real brother is supposed to do  
Just tell me how you feel baby  
I'll give you something real baby  
(repeat)

#### VERSE 1:

Let's not pretend I promise if we keep it real  
Girl you will discover I'll give you pleasure like no other  
It's very spiritual but also physical  
Mere words can't tell you'll have to feel it for yourself

(Come on come on)

Because it's here, right here my dear  
Something that makes you smile again  
Something that takes all night and then  
I'm going to be the one that's still here, right here my  
dear  
The physical's only part of it  
Give me a chance to show you a deeper love  
Give you something real

#### CHORUS

#### VERSE 2:

Let me make this clear, I've been doing this for years  
Now I understand what a woman needs from her man  
Spending money on my baby, take a trip downtown and  
daily  
I'ma drive you like Miss Daisy, ain't no nigga that can  
fade me

Baby I'm here, right here my dear  
You don't even have to say a word  
Your body is calling and I heard  
I just wanna make sure baby I'm clear, I'm clear  
We'll take it slow so you can feel  
Every bit of all that I got to give  
And it's all for real

CHORUS

BRIDGE:

Let me come inside tonight  
I'll take you places only we two can find  
I just wanna give you something you can feel  
Because I know there's no one better  
I'm just keeping it real

CHORUS
