Hello baby how ya been nice to see your face again
Strange to see you comin' 'round when you're the one
who put me down
We were such a happy pair but then another man was
there
So forgive me I don't understand just what you want
from me
As you can see my life's been good I moved the family
out the
Neighborhood
And all my dreams I've realized to think you said it was
a waste of time

It's never hard to make new friends when you'r making
Benjamins
Now did I hear you say again, You're still thinking of
me?

Chorus:
Do you feel like dying, do you break down crying
Do you fall down on your knees
Don't want to go on living, does your world spinning
When you think of me

All I had was love to bring, But you was on some ol'
material thing
Looks like you're still trying to drive them mad, but it's
not easy when
You're credits bad
I didn't know that I could feel so blue, It took some time
but girl I'm
Over you
Would've gladly gave my life for you, You should have
thought the whole
Thing through
All those nights with your girlfriends, Was just a front
for you and him

Y'all was s'posed to leave for Honolulu, leaving yo' ass
was 'bout the
Best he could do

Dry your tears now baby it's O.K., I'll introduce you to
my fiancée
Now tell me baby say again, you been thinking of me?

Chorus

Bridge:

Do you think of me in ways that pull you under
From my memory is there nowhere you can hide
Do you close your eyes, see my face and wonder
How could a love so strong be nothing but a lies

Chorus
