[Intro]

Oh hey hey
Hey la la la
La da da da da da

He friend for all my life
I would not deny
Like brothers in my mind

She treasure of his heart
There upon his arm
Eyes of midnight stars

I've been tempted by forbidden love before
But why must she be everything
That I've been praying for
Now this burning in my heart will I ignore
When I know that she'll be knocking my door
Hey

1 - Why you messing with my feelings
Why you follow me
I can read the signs you're giving
Why you follow me
Turn away from your desire
Why you follow me
Don't be playing with this fire
Why you follow me

Now she's dancing in the night
Her body in the moonlight
Too much for me to fight
Now I'm lost within her arms
I'm careless with my heart
I'm weakened by her charms

2 - He has looked me in my eyes a million times
But now I turn away for I'm afraid of what he'll find
She's the precious love for whom his heart beats for
But now she's always knocking at my door

Repeat 1

Repeat 2

Repeat 1 until fade with ad libs
