I never thought it was possible  
in my reality  
I thought my chances for love were gone  
that time ran out for me  
my heart has been through some  
changes  
and heaven knows  
what I thought was my everlove  
was so conditional  
but my love everyday with you I'm  
so surprised  
morning comes I fall in love again  
each night I'm thanking GOD you're  
in my life  
I don't know how I know but this feeling  
won't be ending

#### CHORUS

everlove oh my everlove  
ever lasting through all changes in  
our lives  
everlove you're my everlove  
ever growing everyday and every night

I found my everlove

I'll never ask for perfection  
that's how a love can slip away  
I only ask for the truth in your heart the  
rest we'll work out day by day

you've seen the best and worst of me  
and you're still standing here  
oh, there is nothing that can stop us now  
cause' we've got nothing left to fear  
the future will show

the power in a moment just like this  
whatever love can dream we both  
will know  
whatever we imagine will exist  
with every kiss I swear my life will be

deserving of you

everlove, oh everlove  
everlasting through all changes in  
our lives  
everlove, you're my everlove  
ever giving, ever learning with every cry  
I found, my ever love  
the winds of changes will blow  
(come what may)  
your friends may come may go  
(I'll never go away)  
these struggles of life they my put us  
through the fire  
but as long as I'm alive I'll be right there  
by your side

REPEAT CHORUS

I never know that love could feel this way  
let's share a life of love together baby  
everlasting through all changes in our lives  
come what may I'm gonna be here  
with you  
love you forever till my life is through  
ever giving ever learning with every cry

I found my everlove
