Oh, come back, baby
Oh, please don't go
The way I love you, you don't know
Oh, come back, baby
Talk it over one more time

I do love you, baby
I'll tell the whole world I do
I don't want nobody the way I want you
Oh, come back, baby
Talk it over one more time

If I could holla like a ... Jack
I would jump up on that mountain
I'd call you right back
Oh, come back, baby
Talk it over one more time

Heading on a train
With a cruel engineer
Took my baby
Left me standing right here
Oh, come back, baby

Oh, come back, baby
Oh, please, please, don't go
You know the way I love you
I don't think you know
Oh, come back, baby
Talk it over one more time
One more time
