Aunt Laura's love's like a lantern shining in my life  
From her window somewhere in heaven  
Guiding me, guiding me

Closing my eyes I can remember summer days in New  
Mexico  
Yes, it's her smile I can see warming me

She's still with me, this I know  
She's still with me wherever I go  
Deep in my soul I know  
She's still with me

Aunt Laura laugh I do recall  
Rolling like a wave  
Yes, I can feel it washing my troubles  
Clean away, clean away

We would play cards 'round the table  
With my great-grandma in Albuquerque  
There was sand storms and tumble weeds tumbling  
Through the air everywhere

Aunt Laura's love's like a lantern shining in my life  
From her window somewhere in heaven  
Always there guiding me

She's still with me, this I know  
She's still with me wherever I go  
Deep in my soul I know  
She's still with me  
She's still with me  
Deep in my soul I know  
She's still with me
