(Intro)

All that I need you give me  
All that I need you give me

(Verse)

Our foundation is build up on all this steam  
But now we're fighting, you're trying to walk away  
How we gon do this if we don't communicate?  
I'm trying to save what we have so don't walk away

(Verse)

I know you forsake, I'm tired of all the pain  
We cried those tears in-between us, there's no more  
rain  
That struggle line in the seven just start again  
Throwing out what we have, baby lost forever

(Interlude)

I'm drowning, gotta make it back to shore  
I'm feeling incomplete, can't take no more

(Chorus)

All that I need you give me  
All that I need you give me  
All that I need you give me  
All that I need you give me

(Verse)

I moved out when you said we needed the space  
We've had enough time to reconcile  
Are you willing to let it all slip away?  
Don't let what we had be lost forever

(Interlude)

I'm drowning, gotta make it back to shore  
I'm feeling incomplete, can't take this

(Interlude x3)

You give me all that I need  
You give me all that I need  
You give me all that I need  
You are mine every day

You give me all that I need

(Chorus)

All that I need you give me

All that I need you give me

All that I need you give me

All that I need you give me

All that I need
