(Verse)

Ayo, where you goin?
What's your name? How you doin?
Ayo, what you drinkin?
Watching you, I've been thinking

(Verse)

I can be your hustler, you can be my diva
We can be like Bonnie and Clyde
Let's lose all these people
Get another deal
We can rock until the morning light

(Chorus)

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

(Verse)

Ayo, now we're movin
To the beat, keep it grooving
And I wanna move you closer
'Cause I wanna feel you

(Verse)

Parties like a rockstar
Like a model, she's hot
She can do whatever she likes
How she whisper softly
Pushes back upon me
I can stay here with you all night

(Chorus x2)

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

(Verse)

Aye, I know you like that camera
You know that I want you, the way I'm lookin at ya

Body movin like an exotic dancer
You know how to use it, I call it gangsta
Troy Boy has met another banger
We keep it movin from here to Atlanta
Naughty girls, yea I wanna spank ya
Stand to attention, be my good master

(Verse)

Ayo, tell me what's your name
It's only polite, I'll tell you mine
Come with me to the back of the club where, well we
can dance all night
I know you're bout it bout it, so let's not waste no
time
Let's get a little privacy
And our bodies in and throw away the key

(Chorus x2)

Girl, you're just the baddest thing I've seen
Love the way you dance, come and dance with me
Let's play a game of make believe
Let's pop this off like it's New Year's Eve

All the ladies, all the fellows
All my people, singing ayo
All the ladies, all the fellows
All my people, singing ayo
