Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Can you  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Can you stop,

stop talking to your two friends about us  
They don't know about us  
They don't know what's going on  
Stop, stop calling them after we argue  
you, you're not thinking are you  
this can go no way but wrong

and I, I won't try to make this right with you  
If I'm, the bad guy  
every time we fight they're in your ear  
with the drama  
Quick to tell you Imma do you wrong  
Baby they need to get gone  
And you need to

Let our business be  
Between you and me  
Don't tell nobody  
They don't need to know how we do  
If you're mad at me  
Just be mad at me  
But let our business be keep me and you  
Between me and you

It's our problem  
should not be conversation  
For your lonely homegirls  
All they doing is hating  
They don't wanna see you  
happy and all in love  
They wanna break us up  
So they can be the one

and I, I won't try to make this right with you  
If I'm, the bad guy  
every time we fight they're in your ear  
with the drama  
Quick to tell you I'm gon do you wrong  
Baby they need to get gone  
And you need to

Let our business be  
Between you and me  
Don't tell nobody  
They don't need to know how we do  
If you're mad at me  
Just be mad at me  
But let our business be keep me and you  
Between me and you

And it won't get any better  
If we keep including people who  
Don't want us together  
Boy it's you and me  
Leave everybody  
On the outside  
We'll be all right

Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Whoa ooh oh  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness  
Just tell em' to mind their buisness

Let our business be  
Between you and me  
Don't tell nobody  
They don't need to know how we do  
If you're mad at me  
Just be mad at me  
But let our business be keep me and you  
Between me and you  
(repeat)
