(Verse)

Iâ€™m here, weâ€™re fine
But I donâ€™t see no reason for you to beat you down
â€™Cause you donâ€™t even let me get close enough to
you
To show my love
I could be the one if you give me some of your time

(Verse)

I know that I will prove you wrong
And you will give me all your trust
Donâ€™t be shutting me down
Give me a chance to make you my girl

(Pre-Chorus)

Knew when I seen her
That I had to meet her
This girlâ€™s out for me though
But Iâ€™m not like those other guys

(Bridge)

I wanna hit it baby, I wanna hit it
But Iâ€™m not like those other guys
All you have to do is let me show you show you
Just give me one shot

(Chorus)

Girl cause you
Girl weâ€™re more than fools
But Iâ€™m a winner, so girl we never lose
Iâ€™m not a quitter
I treat way better
â€™Cause Iâ€™m just tryna get a shot with you baby
Iâ€™m just tryna get a shot with you baby
Girl I wanna make this work
Baby let me steal the keys to your heart
Girl give me a shot

(Verse)

Iâ€™m a team player
If you say wait then Iâ€™ll slow up

All I wanna do is keep you from losing
Give me a shot and you'll fall in love

(Verse)

Baby I'll bring you a championship if you let me be
your boy girl
I'll take you away from the same old thing
All you gotta do is give me your heart

(Pre-Chorus)

Knew when I seen her
That I had to meet her
This girl's out for me though
But I'm not like those other guys

(Bridge)

I wanna hit it baby, I wanna hit it
But I'm not like those other guys
All you have to do is let me show you show you
Just give me one shot

(Chorus)

Girl cause you
Girl we're more than fools
But I'm a winner, so girl we never lose
I'm not a quitter
I treat way better
'Cause I'm just tryna get a shot with you baby
I'm just tryna get a shot with you baby
Girl I wanna make this work
Baby let me steal the keys to your heart
Girl give me a shot

(Verse)

All I see is you, I'm watching you moving on the floor
If I get playing hard to get, makes me want you more
Why don't you give me a try? Come to my table
I'll pour you some champagne baby, you've heard of
Angel
The drinks are flowing like a river
I love the way the dress holds the curves on your finger
There's a few girls hating on you 'cause they jealous
They ain't getting any attention off any fellows
So you do you, yea that's alright
You're the type of girl that will make me stay up all
night
I can't stop staring, I can't quit
Just give me one shot or I'll hit the target

(Chorus)

Girl cause you

Girl weâre more than fools
But Iâm a winner, so girl we never lose
Iâm not a quitter
I treat way better
âCause Iâm just tryna get a shot with you baby
Iâm just tryna get a shot with you baby
Girl I wanna make this work
Baby let me steal the keys to your heart
Girl give me a shot
