I'll be there  
I like to talk to you  
Call me tomorrow

She was a working girl: no time - no money  
A crazy world, 'cause she's so lonely  
She was so upset, was alone oh in her bed  
She was crying too much, on her lonely rainbow  
There was no touch, only TV shows  
She was so alone, had no friend, no fun, no home

Oh it's a: Heartache No.9 - ooh this morning  
Another lonely day, the sky is falling  
Friday, Saturday, Sunday, afternoon  
Oh it's a: Heartache No.9 - ooh this morning  
And no friend, nobody's calling  
Friday, Saturday, Sunday, afternoond

Oh, there's no smoke, there's no fire  
You cannot stop, a real desire  
She was so alone, and her heart was like a stone  
Oh jealousy is such a mystery babe  
Kill my love, when it's too late girl  
She was so alone, had no friends, no fun, no home
