Hey little girl, I wanna tell you a secret

Mm - I like your sexy body
Mm - I like to talk to you
Mm - Come hear that hurdy gurdy
Mm - And all my dreams come true
Hey sugar, I'll tell you a secret

Hey little girl - I couldn't live without your love
It's a wonderful world
But this night ain't big enough
Oh, I'm not a Casanova
And I'll change my rules for you
I'll do, it's true

Mm - I like your sexy body
Mm - I like to talk to you
Mm - Come hear that hurdy gurdy
Mm - And all my dreams come true
ABC of love - is so free - oh baby
Here and now and in my fantasy

Hey little girl - what you see is what you get
It's a wonderful world
But your love will drive me mad
There's a hole in my heart, babe
And the reason, babe, are you
I'll do, the best

Baby, tell me: is love a game?
Oh, you save my heart again
No matter what you do, no matter what you are -
You're my only shinin' star
