I never had anybody treat me quite like you do, I love
your honesty
Oh yeah, we met, we clicked, we shared a vibe that was
true
And it was plain to see, it was plain to see, oh yeah

I did not want to face the truth
You said you had a man
And you were so in love with him and nobody else

What do you do when someone don't love you
They show you all their feelings like you're a friend
Like you're a friend

What do you say when things don't go your way
And you're frozen in a picture like you're a friend
Like you're a friend

I'm not a friend, I don't want to be your friend, no way

When I was trapped I was dependent on you
And there was no escape
So I was a fool to think that I was the one
I let you criticize everything I done, no, no

I did not want to face the truth
You said you had a man
And you were so in love with him and nobody else

What do you do when someone don't love you
They show you all their feelings like you're a friend
Like you're a friend

What do you say when things don't go your way
And you're frozen in a picture like you're a friend
Like you're a friend

Well, I know I can't have you
And I can't live without you
But I guess, I can't have it my way, yeah

For the lovin' you're not feeling

My heart is still breathing
Girl, how can you treat me this way?

What do you do when someone don't love you
They show you all their feelings like you're a friend
Like you're a friend

What do you say when things don't go your way
And you're frozen in a picture like you're a friend
Like you're a friend

What do you do when someone don't love you
They show you all their feelings like you're a friend
Like you're a friend

What do you say when things don't go your way
And you're frozen in a picture like you're a friend
Like you're a friend

Just like a friend, no, no, a friend
No more friends
