### "Making Plans For Nigel"

Visit "[Making Plans For Nigel](#)" on [MotoLyrics.com](https://MotoLyrics.com)

We're only making plans for Nigel  
We only want what's best for him  
We're only making plans for Nigel  
Nigel just needs a helping hand

And if young Nigel says he's happy  
He must be happy, he must be happy,  
he must be happy in his world

We're only making plans for Nigel  
He has his future in a fist of steel  
We're only making plans for Nigel  
Nigel's whole future is as good as sealed

And if young Nigel says he's happy  
He must be happy, he must be happy,  
He must be happy in his world

Nigel is nice spoken and he loves to speak  
And he likes to be spoken to  
Nigel is happy in his world  
Nigel is happy in his world

We're only making plans for Nigel  
We only want what's best for him  
We're only making plans for Nigel  
Nigel just needs a helping hand

And if young Nigel says he's happy  
He must be happy, he must be happy,  
he must be happy in his world

We're only making plans for Nigel  
We only want what's best for him  
We're only making plans for Nigel  
We only want what's best for hi
