What do I do  
That amounts to  
anything at all  
wake me if I fall... asleep

My goals are what  
they should be but  
my mind will have to change  
and see things another way

I'll be Taken a bull by the horns  
take the action in this world  
Jumping into the ring  
and take control of everything

The blame im not thinking thats me of course  
I look in the mirror and I see the source  
spot my problems going to change my ways  
I need Gods love I need his grace  
i'm going to chage my ways- yeah yeah today

once again  
I've fallen into sin  
its like quicksand around my soul  
the more I struggle the stronger it holds  
onto me i want to be free  
want to be able to see  
that theres another way  
if I check myself to day I want to

take a bull by the horns  
take some action in this world  
Jumping into the ring  
and take control of everything

The blame im not thinking thats me of course  
I look in the mirror and I see the source  
spot my problems going to change my ways  
I need Gods love I need his grace  
i'm going to chage my ways- yeah yeah to
