(Verse)

I used to attract travellers' wife
It may sound weird but it's right
Girl you just met me tonight
I've known you all of my life

(Bridge)

And it's you girl
I've been around the world
Searching to find you
To let you know
That we're in love
In another dimension
My time invention
So come girl let's go

(Chorus)

I'll take you to paradise
In another lifetime together
I'll take you to paradise
Me and you here forever

So come girl let's go go
Come girl let's go go
Come girl tonight with us
Come girl let's go go
Come girl let's go go
Come girl tonight with us

(Verse)

So baby open your eyes
We gonna dance for tonight
But when tomorrow has come
Don't figure out forever

(Bridge)

And it's you girl
I've been around the world
Searching to find you
To let you know
That we're in love

In another dimension
My time invention
So come girl let's go

(Chorus)

I'll take you to paradise
In another lifetime together
I'll take you to paradise
Me and you here forever

So come girl let's go go
Come girl let's go go
Come girl tonight with us
Come girl let's go go
Come girl let's go go
Come girl tonight with us

(Verse)

Let me take you to paradise
Aly you down, take your body into overdrive
You said you wanna go real fast
You wanna Rockefellar with dame and dash
Okay, put your foot on the gas
This will be the best ride you ever had
Switching lanes, now I choose my path
No worries, I can make it last

(Chorus)

I'll take you to paradise
In another lifetime together
I'll take you to paradise
Me and you here forever

So come girl let's go go
Come girl let's go go
Come girl tonight with us
Come girl let's go go
Come girl let's go go
Come girl tonight with us

Come girl let's go go
Come girl let's go go
Come girl tonight with us
Come girl let's go go
Come girl let's go go
Come girl tonight with us
