Dance with me, dance with me
C'mon C'mon
Rock with me, rock with me
C'mon C'mon
Dance with me, dance with me
Ride the Rhythm and rock with me, rock with me
C'mon C'mon

Love, love is on our side
No you can't deny
Somethin' that's just indestructible
Break down these walls
We'll be standin' tall
Together you know we're inseparable

So bring it on, bring it all on
I'll take it on, take it all on
Do you know, do you know
Nothin' will be stoppin' this tonight

Chorus
You, you are the reason I'm still high
Let's take a chance and rock the night
Let's not escape the fact that
I want you and you want me
Maybe you should rock the night with me
(C'mon C'mon)
Rock the night with me
(Dance with me, dance with me)
(C'mon C'mon)
Rock the night with me

Let's read between the lines
Take a chance to find (what)
Somethin' different
On the other side (that's right)
It's clear to me
Your eyes want to see (what)
Something closer
That lies underneath

So bring it on, bring it all on (c'mon c'mon)

I'll take it on, take it all on (what, what)
Do you know, do you know
Nothin' will be stoppin' this tonight

Chorus x 1

So bring it on, bring it all on (c'mon c'mon)
I'll take it on, take it all on (what, what)
Do you know, do you know
Nothin' will be stoppin' this tonight

Chorus x 1

Dance with me, dance with me
C'mon C'mon
Rock with me, rock with me
C'mon C'mon

Dance with me, dance with me
C'mon, C'mon
Rock with me, rock with me
