Good friends
Book ends
Solitaire for two
Till she was leaving
I never really knew

When I looked in her eyes
I saw the light
I realized all along it was her
When I looked in her eyes
I saw the light
I realized

There's a knock on the door
Then you're home forever more
And now that you're here
There is nothing to fear

When I looked in her eyes
I saw the light
I realized all along it was her
When I looked in her eyes
I saw the light
I realized all along it was her.

When I looked in her eyes
I saw the light
I realized all along it was her
