Feel your breath
On my shoulder
And I know we couldn't get any closer
I don't wanna act up
I just wanna make love
As we move
Into the night
I get crazy
Thinking how it's gonna be with you baby
I don't wanna play rough
I've been giving you enough
Whoa baby, baby, baby

I wanna take forever tonight
Wanna stay in this moment forever
I'm gonna give you all the love that I've got
You know, I wanna take forever tonight
Fill you up, fill you up with my love
When we close the door
All I need is in your eyes
Whoa, whoa
I wanna take forever tonight

Touch my lips
I'm on fire
You're the only one I'll ever desire
Turn the lights down low
Make the world go slow
When I'm holding you
Tonight
It's so easy
Nothing moves me like you do when you tease me
And to rush would be a crime
I just wanna stop time
With you baby, baby

I wanna take forever tonight
Wanna stay in this moment forever
I'm gonna give you all the love that I've got
You know, I wanna take forever tonight

Fill you up, fill you up with my love
When we close the door
All I need is in your eyes
Whoa, whoa
I wanna take forever

And when I lay beside you
I wanna see what drives you out of your mind
Ooh, baby
I wanna tantalize you
Take all of my time with you
Whoa baby, baby, baby

I wanna take forever tonight
Wanna stay in this moment forever
I'm gonna give you all the love that I've got
You know, I wanna take forever tonight
Wanna stay in this moment forever
I wanna take forever tonight
Fill you up, fill you up with my love
Give you all the love that I've got

Oh, I wanna take forever tonight
Gonna stay in this moment forever
I wanna take forever tonight
Fill you up, fill you up with my love
Give you all the love that I've got

Oh, I wanna take forever tonight
