I didn't expect the sorrow
I didn't expect the pain
I didn't expect the heartache
I didn't expect the shame

It takes guts and it takes medicine
To make it through the day
When things just don't go my way
It draws blood and apologies again
If I had the chance to run away
To get out of this dance or to stay...

I'd do it all again.
(You know I'd do it all again)
Cause I still ache to hold your hand
(You know I'd do it all again)

I didn't expect the changes
I didn't expect this place
I didn't expect forgiveness

And I sure didn't expect your grace

It takes love made in a larger size
To make it through the day
You put up with my displays
It hurts pride and it takes compromise
If you had the chance to run away
To get out of this dance or to stay...

I hope you'd do it all again
(You know I'd do it all again)
Cause I still wanna be your man
(You know I'd do it all again)
You put a kink in all my plans
(You know I'd do it all again)
It's so much better than I planned
(You know I'd do it all again)
