I gave a girl a ride in my wagon
And she crawled in and took control
She was tired and her mind was a-draggin'
And I said get some sleep and dream of rock and roll

Like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van and that's all
right with me

Yeah, her young face was like that of an angel
And her long legs were tanned and brown
You better keep your eyes on that road, boy
You better slow this vehicle down

Cause like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van and that's all
right with me

Yeah, I put her out in a town that was so small
You could throw a rock from end to end
A dirt road main street, she walked off in her bare feet
And it's a shame I won't be passin' that way again

Like a picture she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van and that's all right with
me

Yeah, like a picture she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
And we made love in my Chevy van
We made love in my Chevy van
And that's all right with me
