yea
alright
yea, come on
alright listen up
i got a reputaion going around , i aint never been the
kind to back down
i have thrown a punch or 2 and gave a few black eyes
but jack daniels kicked my ass again last night .

yea i hung in preety good for round 2 , but he dont
fight fair like daddy taught me too
remember turn my head & then he snuck up from
behind
but jack daniels kicked my ass again last night

i always thought this heart , was made of steel and
bullet proof
but the memory of a tail light, fading brakes that
brought him too
guess there super man has got his crib tonight - i got
mine -
but jack daniels kicked my ass again last night

well i didnt bleed and i aint black and blue
it aint hard to tell who got the better of who
'cuz in the morning light, i am hard to reconize
yea, jack daniels kicked my ass again last night

yea, i always thought this heart , was made of steel
and bullet proof
but the memory of a tail light, fading brakes that
brought him too
guess there super man has got his crib tonight
but jack daniels kicked my ass again last night

alright break it down, right here now
you want the proof im about to give you the proof right
here

that black labels like blackpowder for my soul
my head feels like a bomb about to blow
hell im half incline to give that fuse a lgiht

that jack daniels kicked my ass again tonight
