Whoaa-oh, whoaa-oh, whoaa-oh
No one will blame you tomorrow,
If you packed your things and hit that open road,
Ended up in the Bahamas,
With an address that only your momma would know
Yeah I can lie and say,
This time I'm gonna change but we both know better

I'm like a ship out on the ocean,
Cussing the waves but loving the motion,
Chasing a star, don't always shine,
Getting far out, falling behind,
I know loving me has never been easy,
I'm like a wild card that's hard to play,
But I wanna thank you for loving me anyway,

Whoaa-oh, whoaa-oh, whoaa-oh

They dressed you up like an angel,
And they painted you a halo and some wings,
Echo carried me dangled,
Was supposed to keep your eyes off guys like me,
They told you I'm no good,
And that you always could do so much better,

I'm like a ship out on the ocean,
Cussing the waves but loving the motion
Chasing a star, don't always shine
Getting far out, falling behind
I know loving me has never been easy
I'm like a wild fire that's hard to tame,
But I wanna thank you for loving me anyway

Yeah through the ups and downs and sideways,
Aww the gotta have it my way's,
Yeah the crazy nights and dog days,
You kept on loving me anyway

Whoaa-oh, whoaa-oh, whoaa-oh

Yeah I'm like a ship out on the ocean,

Cussing the waves but loving the motion
I'm like a ship out on the ocean,
Cussing the waves but loving the motion
Getting far out, I'm falling behind
Yeah loving, loving, loving me anyway
Loving me anyway, yeah yeah
Yeah I'm like a ship out on the ocean,
Loving the waves, cussing the motion
Chasing a star, falling behind
