Its over when it's over aint it baby aint it  
rips you like a dagger can't it baby can't it  
Wish we could do it over damnit baby damnit  
We had it in the air but just couldn't land it

It's the first snap of the last straw, where regrets  
outlast the alcohol  
It's a cold sweat in an empty bed, and dreams are like  
a knife when your hanging by a thread

it aint no maybe we can make it if we just play the right  
cards

Nah Its over when it's over aint it baby aint it  
rips you like a dagger can't it baby can't it  
Wish we could do it over damnit baby damnit  
We had it in the air but just couldn't land it

It's a white flag, Its a stop sign  
It's the last long drag on a marlboro light

It's a long night of beatin up the past  
Knowin the first light is gonna hit you back

This aint no gone for good drill or no goodbye fall  
tomorrow..... it's over.....it's over..... its  
Ohhhhhhhhhhhhhhhh

This aint no baby wait we can make it work  
it's a blank page when your out of words  
yeah it's a flat line it's a heart attack  
yeah it's too far gone to be shot back

it's a one way with nowhere to turn  
it's a no brakes baby crash and burn  
aint no map gonna ever bring us back from where we  
are

it's just over when it's over aint it baby aint it  
rips you like a dagger can't it baby can't it  
Wish we could do it over damnit baby damnit  
We had it in the air but just couldn't land it
