"32-20"

I walked all night long
With my 32-20 in my hand.
I walked all night long
With my 32-20 in my hand.
Looking for my woman,
Well, I found her with another man.

When I found that woman,
They were walking hand in hand.
When I found that woman,
They were walking hand in hand.
Well, it did surprise me
When I found her with another man.

She started screaming murder
And I had never raised my hand.
She started screaming murder
And I had never raised my hand.
Well, she knew that I had them covered,
I had the stuff right there in my hand.

I ain't no bully,
I don't go with the baddest man in town.
I ain't no bully,
I don't go with the baddest man in town.
When I catch a man with my woman,
I usually tear his playhouse down.
