By jack bruce and pete brown

Gonna build myself a castle
High up in the clouds.
There'll be skies outside my window;
Lose these streets and crowds.
Dance the night away.

Will find myself an ocean,
Sail into the blue,

[Dance The Night Away lyrics on]
Live with golden swordfish,
Forget the time of you.
Dance the night away.

Dance myself to nothing.
Vanish from this place.
Gonna turn myself to shadow
So I can't see your face.
Dance the night away.
