By jack bruce

Dreaming about my love;  
You bring me joy and happiness,  
More or less.  
I dream my life away.

Waiting for you to come;  
Changing my life for you to emptiness,  
Meaningless.  
Minutes just drift by.

I don't care if I get nowhere.  
I can just dream and you'll be there.  
What else is there to do?

Dreaming about my life;  
Where are you now, and when will you  
Come to me?  
I dream my life away.

Chorus

First verse

Dreaming, dreaming.
