Holding you, you holding me
Everyone could see we were in ecstasy
Making love against the wall
Feeling very small when we didn't need to be

Easy now, don't let my love flow out of you
Please remember that I want you to come too

Oh my darling, help me please
When I'm without you I fall down and graze my knees
I look so funny and I feel sad
Your love is all I've ever had, so please don't tease

Easy now, don't let my love flow out of you
Please remember that I want you to come too

Yesterday, you know tomorrow
Could it be I'll have to borrow someone new?
I know that I'm the one to blame
But all the same, there must be something you can do

Easy now, don't let my love flow out of you
Please remember that I want you to come too

Easy now, don't let my love flow out of you
Please remember that I want you to come too

Easy now, don't let my love flow out of you
Please remember that I want you to come too
