We took the long way home, held my hand
The days so full all the things we had planned
We walked beyond the green, beyond the day
We shared a dream than I let slip away

I had to find myself
(Find myself)
I had to find myself
(Find myself)
No use looking for no one else
I'll be alone, till I find myself

You were the man who knew too much to say
So many things that I learned came your way
These things I know that I can't forget
Deep in my heart, they're a part of me yet

They helped me find myself
(Find myself)
They helped me find myself
(Find myself)
No use looking for no one else
'Cause I'll be lonely till I find myself

Too many years rolled by without a word
And I tried to hide behind things that I'd heard
And now the truth is clear for all to see
That through it all, it was you believed in me

You helped me find myself
(Find myself)
I had to find myself
(Find myself)
No use looking for no one else
'Cause I'll be lonely till I find myself

I got to find myself
(Find myself)
I got to find myself
(Find myself)
No use looking for no one else
'Cause I'll be lonely till I find myself
