"Going Left"

[Chorus:] (Well) I'm goin' left 'Til you lead me to the right Lead me to what is right I'm goin' left 'Til you lead me to the right Lead me to what is right

There's a train people say I could ride to get my whole life straight But the bridge on the way Has a toll too much for me to pay Yes I know it must be What I chose could mean my destiny Lights are green all is go But my heart keeps telling my mind no

[Chorus]

There's a plane over there Where all are given even share What you get is so small It's like never having nothing at all Take my hand says a friend A will stick with you until the end But I'm in doubt I must decline 'Cause even friends can change their lines

[Chorus]
