As I am strolling down the garden path  
I saw a flower glowing in the dark  
It looked so pretty and it was unique  
I had to bend down just to have a peek

Hello old friend  
(Hello old friend)  
Really good to see you once again  
Hello old friend  
(Hello old friend)  
Really good to see you once again

Saw you walking underneath the stars  
Couldn't stop 'cause I was in a car  
I'm sure the distance wouldn't be too far  
If I got out and walked to where you are

Hello old friend  
(Hello old friend)  
It's really good to see you once again  
Hello old friend  
(Hello old friend)  
Really good to see you once again

An old man passed me on the street today  
I thought I knew him but I couldn't say  
I stopped to think if I could place his frame  
When he tipped his hat I knew his name

Hello old friend  
(Hello old friend)  
It's really good to see you once again  
Hello old friend  
(Hello old friend)  
Really good to see you once again

Hello old friend  
(Hello old friend)  
It's really good to see you once again  
Hello old friend  
(Hello old friend)  
Really good to see you once again
