(by walter jacobs)

You know it ain't right just to treat me this a way.
Well, you know it ain't right just to treat me this a way.
Well, you know, my baby, have you home one day.

You know it ain't right just to treat me like you do.
Well, you know it ain't right just to treat me like you do.

Well, you know, my baby, coming home to you.

You know it ain't right, baby, stay out all night long.
Well, you know it ain't right, baby, stay out all night
long.
Well, you know, my baby, you done something wrong.
