Wanna go out, baby, to late at night
Lawdy mama, no need to worry
Wanna go out, baby, to late at night
I got a real funny feeling
You don't wanna treat your daddy right

Long legged woman, come and hold my hand
Lawdy mama, no need to worry
Long legged woman, come and hold my hand
I got a real funny feeling
You wanna love some other man

Leavin' in the mornin', your cryin' won't make me stay
Lawdy mama, no need to worry
Leavin' in the mornin', baby, your cryin' won't make me
stay
The more you cry babe
Further gonna drive your daddy away
