Wanna go out, baby, too late at night
Lawdy Mama, no need to worry
Wanna go out, baby, too late at night
I got a real funny feeling, don't wanna treat your Daddy
right

Long legged woman, come and hold my hand
Lawdy Mama, no need to worry
Long legged woman, come and hold my hand
I got a real funny feeling, you wanna love some other
man

Leavin' in the morning, your cryin' won't make me stay
Lawdy Mama, no need to worry
Leavin' in the mornin' baby, your cryin' won't make me
stay
The more you cry baby the further gonna drive your
Daddy away

Leavin' in the morning, your cryin' won't make me stay
Lawdy Mama, no need to worry
Leavin' in the mornin' baby, your cryin' won't make me
stay
The more you cry baby the further gonna drive your
Daddy away
