Tell me anything you think I wanna hear
Just to keep me standin' here to secure your shaky
fears
Tell me you love me, but in your heart you know you
don't
So you lie 'cause you think I want
To make believe you love when you don't

Lead me on, lead me on
Lead me on, lead me on
I'll play along and along and along
Baby lead me on, lead me on

Pretend it's rainin' when the tears flow from my eyes
And you're warm when you're cold as ice
And every thing's gonna be alright
And it's a shame, little Johnny wears my name
And you know I'm not the one, still you say he is my son

Lead me on, lead me on
Lead me on, lead me on
I'll play along and along and along
Baby lead me on, lead me on

And when I leave to go work for you
You cry you're lonely too to make me feel your love is
true
In your dreams you slip and tell it all I hear you calling
out his name
You say you love him loud and plain

Baby lead me on, lead me on
Lead me on, lead me on
I'll play along and along and along
Baby lead me on, lead me on
