Out on an open highway
Such a lovely day but something's wrong
Somethin', something's gotta be wrong, oh oh
(Somethin' surely wrong)

I just left home this morning
This old road keeps rollin' on an' on
Rollin', rollin' on an' on
(Rollin', rollin' on an' on)

Won't somebody help me?
(Somebody help me)
Somebody help me
(Somebody help me)
Somebody help me
(Somebody help me)

I've never been so lonesome an' a long way from home
(Never been so lonesome)
Never been lonesome an' a long way
(Never been so lonesome)
(Never been so lonesome)
I've never been lonesome an' a long way from home
(Never been so lonely)
(Never been so lonesome)
(Never been so lonely)

Yeah, somethin's wrong
Somethin', somethin's surely wrong
Rollin' on and on
Rollin', rollin' on and on

Won't somebody help me?
(Somebody help me)
Won't somebody help me?
(Somebody help me)
Won't somebody help me?
(Somebody help me)

Oh, I've never been so lonesome an' a long way from
home
(Never been so lonesome)

Never been lonesome an' a long way
(Never been so lonely)
(Never been so lonesome)
I've never been lonesome an' a long way from home
(Never been so lonely)
(Never been so lonesome)
(Never been so lonely)

(Never never never)
Never been so lonesome
Never been so lonely
(I've never been so lonely)
Never been so lonesome
Never been so lonely

Never been so lonesome
Never been so lonely
Never been so lonesome
Never been so lonely

Never been so lonesome
Never been so lonely
Never been so lonesome
Never been so lonely
