Go do it, got to go through that door
There's no easy way out at all
Still it only takes time
'Til love comes to everyone

You, who it always seems blue
It all yeah, never rains but it pours
Still it only takes time
'Til love comes to everyone

There in your heart
Somethin' that's never changin'
Always a part of
Something, it's never aging
That's in your heart

It's so true, it can happen to you all
Just knock and it will open wide
And it only takes time
'Til love comes to everyone

There in your heart
Somethin' that's never changin'
Always a part of
Something, it's never aging
That's in your heart

It's so true, it can happen to you all
Just knock and it will open wide
And it only takes time
'Til love comes to everyone

It can happen to you all
Just knock and it will open wide
And it only takes time
'Til love comes to everyone
