We don't need the aggravation
Honey, don't need the pain
Even though you're nearing starvation
Well, it's all the same

What can I say now?
What can I possibly do
To prove to you honey
I'm in love with you, I'm in love with you

I'm in love with your loving now, lover
I'm in love with your loving now, lover

Love that's lost and love that is found
Natural love that's true
I need a love that is safe and sound
Just like you

Who needs the trouble now?
Who got the time?
No doubt about it
It ain't yours and it sure ain't mine

I'm in love with your loving now, lover
And I'm in love with your loving now, lover

Who'll do the walking when it's time to leave?
Who'll move the car from the street?
Who'll break your heart in a moment's time?
You can't believe in me, if you can't believe in me

I'm in love with your loving now, lover
I'm in love with your loving now, lover

I'm in love with your loving now, lover
I'm in love with your loving now, lover

I'm in love with your loving now, lover
I'm in love with your loving now, lover
