by Eric Clapton, Greg Phillinganes and Bobby Columby

Don't change your mind,
I ain't got the time to sit and wonder.
I'm doing fine.
If you decide to leave, I won't go under.

You know I've come this far without you;
It won't be too hard to be alone.
I've got choices all around me,
So I won't be spending too much time at home.

Girl, I'm gonna miss you.
I'm gonna miss you, baby.
I can't forgive you,
Instead I'm gonna miss you, baby.

No, don't say a word.
I already heard that you don't love me.
In your state of mind,
I don't need to hear your side of the story.

Your friends all said we had a future
And I don't think I really want to know.
My friends keep telling me to lose you
And how glad they'll be when you decide to go.

Chorus

I broke my back to make you happy.
Sometime, somehow, someone's got to care.
If you think you're better off without me,
Just remember, it's a dirty world out there.

Chorus

I'm gonna miss the ground you walk on,
Gonna miss the air you breathe.
I'm just not quite happy, baby,
'bout your crazy plans to leave.
