

Eric Clapton

"Miss You"

Visit "[Miss You](#)" on MotoLyrics.com

Don't change your mind
I ain't got the time to sit and wonder
I'm doing fine
If you decide to leave, I won't go under

You know I've come this far without you
It won't be too hard to be alone
I've got choices all around me
So, I won't be spending too much time at home

Girl, I'm gonna miss you
I'm gonna miss you, baby
I can't forgive you
Instead I'm gonna miss you, baby

No, don't say a word
I already heard that you don't love me
In your state of mind
I don't need to hear your side of the story

Your friends all said we had a future
And I don't think I really want to know
My friends keep telling me to lose you
And how glad they'll be when you decide to go

Girl, I'm gonna miss you
I'm gonna miss you, baby
I can't forgive you
Instead I'm gonna miss you, baby

I broke my back to make you happy
Sometime, somehow, someone's got to care
If you think you're better off without me
Just remember, it's a dirty world out there

Girl, and I'm gonna miss you
I'm gonna miss you, baby
I can't forgive you
I'm gonna miss you, baby

I'm gonna miss the ground you walk on
Gonna miss the air you breathe

I'm just not quite happy, baby
'Bout your crazy plans to leave
