Rita Mae, Rita Mae, come an' visit me today
Rita Mae, Rita Mae, come an' visit me today
I'll do anything you want, give you anything you say

I saw you out walking with your other man today
I said I saw you out walking with your other man today
If I catch you one more time, I'm a blow you both away

Rita Mae, Rita Mae, I'll see you one more time today
Rita Mae, Rita Mae, I'll see you one more time today
When I've finished what I've done gonna come and
drive you away
