Well, I've told you for the last time
Told you for the last time

I'm gonna turn on my love light
Let it shine one more time
Let it shine, shine, shine for the last time

There's gonna be a big change made, and I'm gonna
make it
This time I'm gonna lay it on the line
I got a lot to give when you're woman enough to take it,
oh yeah

I'm gonna turn on my love light
Let it shine one more time
Let it shine, shine, shine for the last time

I sure want to love you baby, baby if you'd only let me
If you only pick me up just to put me down
I finally let my mind make a decision, oh yeah

I'm gonna start my wheels a-spinnin'
Let 'em turn one more time
Let 'em turn, oh yeah, for the last time

Well, I've told you for the last time
Told you for the last time

I'm gonna turn on my love light
And let it shine, oh yeah
Shine, shine, shine, yeah, yeah, yeah

Told you for the last time
Told you for the last time
Told you for the last time
