Wah wah  
You've given me a  
Wah wah

And I'm thinking of you  
And all the things that we used to do  
Wah wah, wah wah

Wah wah  
You made me such a big star  
Being there at the right time  
Cheaper than a dime

Wah wah  
You've given me your  
Wah wah, wah wah

Oh, you don't only see me crying  
Baby, baby  
You don't only hear me sighing  
Oh no

Wah wah  
I don't need another wah wah  
And I know how sweet life can be  
If I keep myself free

Wah wah  
I don't need no  
Wah wah
