God is warning the nations
Warning them in every way
To turn away from the evil
And seek the Lord and pray

We've been told that God done warned us
Jesus coming soon
We've been told that God done warned us
Jesus coming soon

God is warning the nations
Warning them in every way
To turn away from the evil
And seek the Lord and pray

We've been told that God done warned us
Jesus coming soon
We've been told that God done warned us
Jesus coming soon

God is warning the nations
Warning them in every way
Turn away from the evil
Seek the lord and pray

We've been told that God done warned us
Jesus coming soon
We've been told that God done warned us
Jesus coming soon

We've been told that God done warned us
Jesus coming soon
We've been told that God done warned us
Jesus coming soon
