you've got your imac iphone  
half a dozen ring tones  
going on at the same time  
youve got your hdtv, satelite big sceen  
plugged in playing all night  
youtube, myspace, shopping on ebay  
surfing on the internet googling your life away

turn it off  
turn it off  
youve better lose that connection  
before my affection is gone  
turn it off  
turn it off and leave it alone  
so we can get it on

information compact, smaller than a tic tac  
checking out the latest thang'  
the one i got aint good enough  
always playing catch up  
this istuff is drving me insane  
this new age romance, dont stand a gig a chance  
if you dont beleive me  
baby try to text me a kiss

turn it off  
turn it off  
you've beter lose that connection  
before my affection is gone  
turn it off  
turn it off and leave it alone  
so we can get it on, ooooh

baby if you could  
lets shut it down for a minute  
get ourselves a life  
with a little love in it

off....turn it off  
you've better lose that conection  
before my affection is gone

hey hey  
turn it off  
turn it off and leave it alone  
mmmmm  
so we can get it on  
thats right  
lets get it on, yeah
