Can you feel me?

Mmmmmm
Are you with me?

Baby, this is new to me
Don't know where we stand
But I'm seeing pictures of us two, in my head
And the more I see, the more I want you
The more I want, the more I'm getting crazy
I know that you are near to me
But I can't reach you

Could you be more than a fantasy?
I wish it was reality
Prove it to me

Stories still untold
(Let's take it to another level)
Let me get to know
Ooooooh
Dim the lights down low
(And take it to another level)
And turn this into gold
Can you feel me?

Mmmmmmmmmmmmmmm
Well, well

Say it to me one more time
Did I hear you right?
Guess I'm not the only one who's dreaming
Day and night
And in the dream we're walking through a fire
And the flames keep getting higher
I think you know the way to cool us down

Could this be more than a fantasy?
Girl, is this reality?
Prove it to me

Stories still untold

(Let's take it to another level)
Let me get to know
Ooooooh
Dim the lights real low
(And take it to another level)
And turn this into gold
Can you feel me?

Let's get together
Closer than ever
Better late than never

Let's get together
Closer than ever
Better late than never

Stories still untold
(Let's take it to another level)
Let me get to know
Ooooooh
Dim the lights down low
(And take it to another level)
And turn this into gold
Can you feel me?

Say it louder now
Say it loud
Mmmmmm

Turn the lights down low

Mmmmmm!
