Meet me here in the middle of the night  
I don't give a fuck if it's wrong or right  
Cause we can get it together now

I'm not playing when I know, I know for real  
You can tell me how I feel  
You don't make me give it up or giving in  
Loving you is not a sin  
Not a sin what ever you say  
You'll be mine one day

Meet me here in the middle of the night  
I don't give a fuck if it's wrong or right  
You do anything I want you to do  
All you need to know is that I love you

Cause we can get it together now  
We can get it together now

Looking my way  
Still pretending I'm not here  
One of us is got to give  
The is no ?? ---- Permission?? Eller? ----  
No acceptance to be found  
You just have to face the fear

Don't ask me to forget you  
Im telling you it wont do

Meet me here in the middle of the night  
I don't give a fuck if it's wrong or right (I just don't give  
a damn)  
You do anything I want you to do  
All you need to know is that I love you (Aaah, I love you)

Meet me here in the middle of the night (Meet me here)  
I don't give a fuck if it's wrong or right (No I don't)  
You do anything I want you to do  
All you need to know is that I love you

Cause we can get together now

Nothing wrong, nothing wrong  
Cause we can get together now  
Aint no shame, aint no shame

You know I'm not giving in  
Loving you is not a sin

You know I'm not giving in  
Loving you is not a sin

Meet me here in the middle of the night  
I don't give a fuck if it's wrong or right (I just don't give  
a damn)  
You do anything I want you to do  
All you need to know is that I love you

Meet me here in the middle of the night (In the middle  
of the night)  
I don't give a fuck if it's wrong or right  
You do anything I want you to do  
All you need to know is that I love you (You do know that  
I love you)

Meet me here in the middle of the night (Come on  
come on)  
I don't give a fuck if it's wrong or right (I just don't give  
a)  
You do anything I want you to do  
All you need to know is that I love you

Cause we can get together now  
Nothing wrong, nothing wrong
